## Victorian Crown Mouldings

5230 [7/8 x 2-1/2]

3039 [1-3/16 x 6-1/4]

5230 [7/8 x 2-1/2]

Crown molding from the Victorian era emphasized ornate architectural details made possible by advancements in mill technology. Victorian crown molding was still made of separate parts, but the combined profiles created elaborate designs that could feature careful scrollwork.

## Victorian Wainscot and Baseboard

1107 [3/16 x 3-1/8]

8906 [3/8 x 3-1/4]

2055 Modified [5/8 x 7-1/4]

Baseboard was often accompanied by wainscoting in Victorian homes. Wall panelling in particular featured a variety of colors and finishes in many Victorian era homes. In homes inspired by Gothic or Romantic influences, wainscoting was often painted or stained in a tone that complimented patterned wallpapers which became more common during this period.

## Victorian Casing

1107 [3/16 x 3-1/8]

2033 [3/4 x 5-1/2]

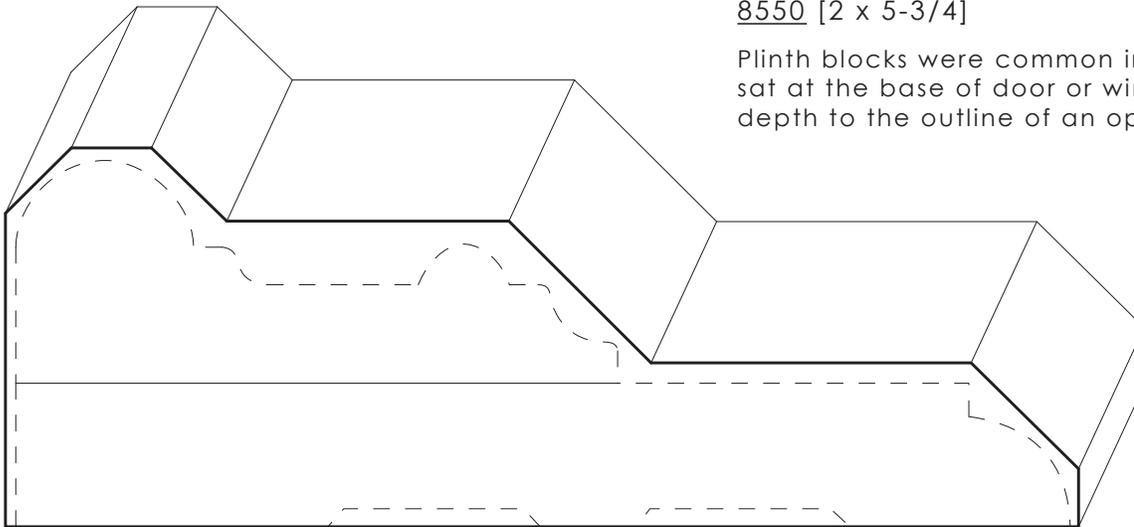

Door and window casing found in Victorian era homes was often ornate and decorative. Doors were particularly ornate and typically featured transoms, sidelights, and pediments to create a grand look absent from neo-classical homes.

## Victorian Plinth Block

8550 [2 x 5-3/4]

Plinth blocks were common in Victorian homes. They sat at the base of door or window casing, adding depth to the outline of an opening.
